TOPIC: REVISED TWO-YEAR CASH FUNDED CAPITAL PROGRAM

LIST – COLORADO STATE UNIVERSITY

PREPARED BY: DANIEL KRUG, DIRECTOR OF CAPITAL ASSETS AND

COMPLIANCE

I. <u>SUMMARY</u>

This item requests approval of a revised Two-Year Cash Funded Capital Program list for the Colorado State University (CSU). The revised list of cash funded projects, approved by the Board of Governors, contains fourteen total items that CSU will pursue. The revised list is included as Attachment A.

II. <u>BACKGROUND</u>

Prior to the FY2010-11 budget cycle, governing boards were required to submit a single unified five-year plan for capital construction projects. This five-year plan included state funded requests and cash funded proposals. With the passage of SB09-290, institutions of higher education were granted considerable flexibility in the area of capital construction. This legislation also revised the submission criteria for the five-year list by dividing it into two distinct lists.

Governing boards are permitted to amend their two-year lists at any point during the fiscal year, and such amendments are to be submitted to the Commission and the Capital Development Committee (CDC) for re-approval.

DHE and CDC staff have come to a mutual understanding and agreement on the implementation of SB09-290 that no Cash Funded project may commence until it has received the following: approval from the Commission and the CDC on the Two-Year list (for non-Intercept projects); or Commission and CDC approval on the Two-Year Cash Funded Program list and Commission review and approval of a program plan (for Intercept projects).

During the December 2011 Commission meeting, the Commission approved all submitted Two-Year Cash Funded Capital Program lists. On December 5th and 6th the legislature's Capital Development Committee listened to submissions during scheduled hearings, and the CDC gave approval for all Two-Year lists in January 2012. CSU previously amended their Two-Year Cash Funded Program list in January 2012.

III. STAFF ANALYSIS

The previous CSU list consisted of eleven projects at a cost of approximately \$369.5 million. This cost was to be covered from cash funds alone. The revised CSU list consists of fourteen

projects at a total cost of approximately \$390.6 million. Table 1 displays the projections for cash funded projects as reported on the two-year list by funding type (Cash Funds [CF] and Federal Funds [FF]).

Table 1: Two-Year Cash Funded Capital Program FY2010-2012

| CF | \$390,600,000 |
|-----------|---------------|
| FF | \$0 |
| TF | \$390,600,000 |

For these projects, Table 2 displays the breakdown between the academic and auxiliary nature of the project and whether or not the project will be financed under the Higher Education Revenue Bond Intercept Program (C.R.S. 23-5-139). The Intercept program permits schools to issue bonds for capital construction and use either the state's credit rating (opt in), or use their own credit rating (opt out). Academic facilities are those that are considered core to the role and mission of the institution (e.g. classrooms, student services, libraries), while auxiliary facilities are those that are not considered core to the role and mission and exist for some other purpose (e.g. residence halls, recreation centers, parking facilities).

Table 2: Cash Funded Project Types

| | Academic | Auxiliary | Total | |
|---------------|----------|-----------|-------|--|
| Intercept | 4 | 4 | 8 | |
| Non-Intercept | 4 | 2 | 6 | |
| Total | 8 | 6 | 14 | |

Per the statutory amendments of SB09-290, academic facilities constructed under the new capital procedures will be eligible for state Controlled Maintenance Funds. Also due to new statutory provisions, any Non-Intercept projects will only have their cost projections reviewed in the Two-Year list, while Intercept projects require approval in the Two-Year list as well as program review. In accordance with the two step approval process for cash funded projects, the Department (acting with the power delegated by the Commission (CCHE Policy III.J)) will review all budget documents submitted for Intercept Act cash projects and submit all forms to the General Assembly's Capital Development Committee as they are approved.

The changes to the Two-Year List involve the inclusion of:

"Eddy Hall Renovation" - This project will revitalize the 1963 Eddy Hall Building (69,457 GSF) so that it will better facilitate the educational experience of the students, and to address life-safety issues and to improve energy efficiency. The project upgrades and repairs plumbing, mechanical, electrical, and telecommunications systems, and makes repairs to the building

exterior. CSU is requesting \$6,000,000 in cash spending authority. The project will be funded by university funds.

"Equine Reproduction Laboratory" – This project will construct a new Equine Reproduction Laboratory (ERL) building (11,481 GSF) on the Foothills Campus to replace the original ERL that was destroyed by fire in June 2011. The laboratory is currently being housed in leased modular buildings. CSU is requesting \$5,600,000 in cash spending authority. The project will be funded by insurance, donations and university funds.

"Behavioral Sciences Building Addition" – This project will construct a 34,500 GSF addition to the Behavioral Sciences Building consisting of a 250 seat auditorium and offices. Current classroom utilization studies have identified a need for another large auditorium on the Academic Spine and there continues to be a shortage of office space on campus. CSU is requesting \$9,500,000 in cash spending authority. The project will be funded by funds remaining in the 2007 bond accounts (principal and interest) and Student Facility Fee funds.
